SPECIAL OFFERS

HEATON MINT COLLECTION REMNANTS

Anyone with serious doubts about the future of high-quality foreign coins must feel optimistic following the spectacular prices fetched in the August 7-10 Paramount Auction of the Heaton Mint, Birmingham collection. Most of the coins in the sale were so choice that a majority of pieces now being offered for resale are described as PROOFS. Indeed, the coins had prooflike surfaces in many cases, but we believe they are more in the nature of first-strikes. In any case, they were the choicest specimens ever offered of many of the types. Following the auction, we managed to purchase a few duplicates from the estate and offer them here at substantial savings.

This is truly a once-in-a-lifetime opportunity for the quality-conscious collector!

PORTUGUESE INDIA - GOA: In our September 1975 price list, we offered a collection of Portuguese Goa silver coins. The response to that listing was tremendous. In most cases we received 3 or 4 orders for each coin. Last month, as a result of seeing our September list, we were offered an even larger and more impressive group of these coins. These crude silver coins are among the most interesting we have ever handled. They all feature the bust of the contemporary Portuguese ruler, but in crude native style.

This collection represents the most comprehensive offering of Goa silver coins since Grogan assembled his collection in the early 1900's:

ISLAMIC COINS
ARE MY SPECIALITY

In August, 1974 we published a twenty-page price list devoted to "Coins of the Arabic States". We believe that catalog was the first and largest exclusive offering of these long-overlooked series. The response to that listing was tremendous, and we hope to offer a second "Arabic" list in the near future. If your collecting interests include Islamic coinages, you should be receiving our monthly price lists. Want lists are always welcome and are given careful attention.

WE ARE SERIOUS BUYERS OF ALL ISLAMIC COINS
